Private-label Laboratory Chemicals 2025

- Availability of over 7,000 laboratory and industrial chemicals

- Products for science education, from elementary through college

- Wide variety of industrial chemical compounds, including cleaners, polishes, lubricants and coatings

- Automated, high precision filling of both solid and liquid chemicals

- GHS Safety Data Sheets available on all chemicals, formulations and blends

- In-house production of GHS compliant customized full color labels for private labeling of products

<p>Avoid breathing mist/vapours/spray. Keep away from heat/sparks/open flames/hot surfaces. Do not get in eyes, on skin or on clothing. Wear protective gloves/protective clothing/eye protection/face protection. Wash hands thoroughly after handling. IF ON SKIN (or hair): Take off immediately all contaminated clothing. Rinse skin with water/shower. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical attention. IF INHALED: Remove person to fresh air and keep comfortable for breathing. IF SWALLOWED: Rinse mouth. Call a POISON CENTER or doctor if you feel unwell. In case of fire: Use dry chemical, alcohol foam, carbon dioxide or water spray to extinguish. Store in a well-ventilated place. Keep container tightly closed. Store locked up. Dispose of contents/container to a licensed chemical disposal agency in accordance with local/regional/national regulations.</p>	Your Part # 500 mL	DANGER Highly flammable liquid and vapour. Causes serious eye irritation. May cause drowsiness or dizziness. Repeated exposure may cause skin dryness or cracking.

Founded in 1964, Aldon is celebrating 60 years of experience in custom blending and packaging of chemicals for the educational, laboratory and industrial market. With over 2,000 laboratory chemicals to meet your entire laboratory needs, each chemical includes a GHS compliant Safety Data Sheets, labeling and a five-color storage system. We can custom package and private label to your needs.

Aldon Product Return Policy

Aldon strives to supply products of the highest quality at competitive prices. All products meet specifications as noted on the labels or in the product literature. Any issues with product quality or performance are handled on a case-by-case basis.

Product found to be defective will be replaced at no charge. Product returns are not accepted unless the return is authorized by Aldon for investigation of a quality for performance issue. Returns of overstocked material cannot be authorized on private labeled product or custom formulations. Overstock of re-saleable Aldon labeled product may be returned subject to a restocking charge. An authorization number must be requested prior to the return or the return will not be accepted.

Aldon is not responsible for the cost to dispose of any product unless that product is deemed defective. No product can be returned to Aldon for disposal.

Age requirements / safety:

Aldon supplies products designed for educational and industrial institutions, to be used under direct supervision of qualified adults. All products are for use by persons age 13 and up under adult supervision. The following disclaimer applies to each item sold by Aldon.
